

NEWS AND VIEWS . . .

And What Have You

By BOB CRAIG

Hope that it did not take too long for most of you to figure out that if you turned your paper upside down last week the picture of Hamlin Restaurant looked more realistic. You have to admit that the picture looked more exciting when viewed upside down though.

I should have caught this mistake when the paper was being printed in Stamford but while the press run was being made I was trying to help get the Knox City paper ready to print and did not see the mistake until the Herald was already printed.

As many of you have already read in the Abilene paper the Munday, Knox City and Rochester papers have ceased publication and citizens of these towns have banded together to start new papers. The Munday paper is being produced in Quanah and the Knox City and Rochester papers are being printed in Stamford. Both Munday and Knox City were without a paper only one week but it took an extra week to get a paper going again in Rochester.

One of the things that makes you proud of being a part of the newspaper business is that publishers from all over this part of West Texas offered their assistance to the people of these three towns.

It can get pretty involved just trying to produce a new paper for a town without any equipment available locally. In the case of Knox City, the copy is written in Knox City, the type is set in Hamlin on a tape punching machine on loan from the Abilene Reporter-News, run through our computer and then is assembled and printed in Stamford.

For those hunters who might have missed seeing the hunting seasons for this area, as announced recently, the deer and turkey season opens Nov. 13 and the quail season opens Dec. 1.

From an editorial in *The Perryton Herald* by Harold Hudson, publisher, it would appear that life in Perryton must be somewhat like life in Hamlin. His editorial follows and it would apply here just about as well as in Perryton.

One of the dreams of big city newspapermen is to long for a day when they can buy a weekly newspaper and take it easy.

Other city residents look longingly at the slow pace and easy living to be found in the small towns of this country and wish they could afford to move into it.

We've got ews for these people. Small town living is not necessarily slow paced or easy. They are looking back with nostalgia to the earlier years of this century when perhaps a small town was languid and relaxed. There was a time when people moved at a slow pace, and lounged around the front porch in the evening because there wasn't much else to do.

Today, the typical American small town is perhaps the most frantically over-organized community in the world.

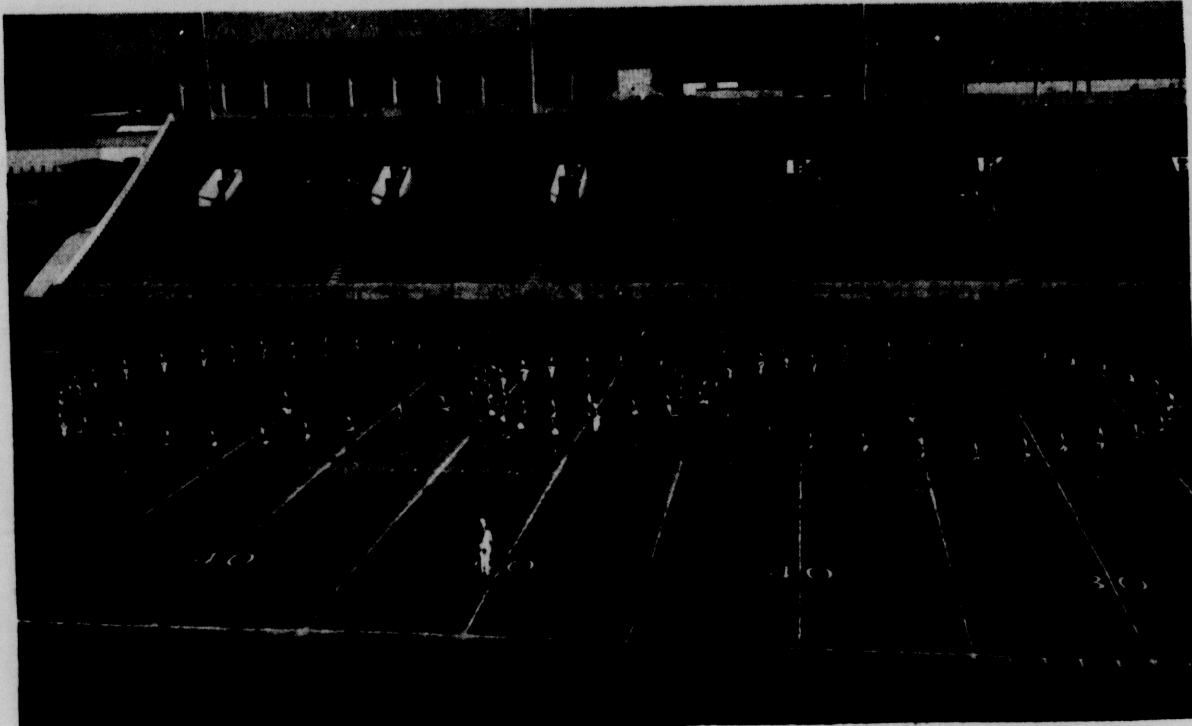

A lot of homeowners find that they don't really have time to take care of their yard properly, much less time to do much reading, because they have so many community and organization jobs.

A businessman is apt to be working for the Chamber of Commerce, active in a civic club, working in the United Fund, taking part on church committees.

His wife is also busy in club work and church work and in community affairs.

The farm family is caught up in 4-H Club work, extension service projects, plus many other organizations and activities dealing with soil conservation, livestock improvement or the like.

HAMLIN BAND RECEIVES HIGH RATING — The Pied Piper Marching Green in formation at Pete Shotwell Stadium, Abilene, received a division one rating at the Region 6 Marching Contest Tuesday. The Hamlin band was the only band in Class AA to receive the coveted division one rating. This was the fourth consecutive year that the band, under the direction of Tim Jones, has received the division one rating at the UIL sponsored event.

Methodists Break Ground For Sanctuary Here Sunday

Ground breaking for a new \$125,000 sanctuary for First United Methodist Church was held Sunday afternoon at 4:30 p.m. Contract for the new building was signed Thursday.

Some 100 persons attended the ground breaking ceremony which was conducted by Rev. Johnnie Williams, pastor; Rev. Darris Egger of Abilene, for-

mer pastor and now District Superintendent; and John C. Bryant, chairman of the building committee.

Following the service in the present sanctuary which was completed in 1927 the congregation walked in procession to the site of the new structure, just east of the educational building.

Four women who have been active in the church were given the honor of turning the first spades of dirt. They were Mrs. B. H. Gardner, who was present at the ground breaking for the present sanctuary; Mrs. A. A. Hackley, Mrs. L. H. McBride, and Mrs. M. T. Hudson, who was present for the first worship service in the present sanctuary.

Others in the congregation also turned spades of dirt signifying the unity of purpose of the church membership.

Car-Truck Wreck Near Wheeler Kills Local Minister

A head-on car-truck collision near Wheeler took the lives of a local minister, Rev. Walter A. Hodge Sr., pastor of the United Pentecostal Church, and a young Allison ranch hand who this year completed his second tour of duty in Vietnam, Thurman Lee Hall, 23.

The accident occurred at 2:50 p.m. Friday 7 1/2 miles north of Wheeler on U. S. 83. Both were pronounced dead at the scene.

Authorities said Hall was traveling north on the highway when his car and a truck driven by Hodge collided.

The highway was wet when the mishap occurred, but was not slippery, police said. Rescue workers took more than an hour to remove the bodies. Patrolmen said the vehicles were almost welded together after hitting head-on.

Rev. Hodge was born Oct. 9 1910 in Hillsboro. He had been pastor of the local church for 10 months, moving here from Poteau, Okla.

Services were held at 4 p.m. Monday in North Side United Pentecostal Church in Amarillo. Rev. T. H. Chapman, pastor, officiated. Interment was in Llano Cemetery.

Survivors include his wife, Mrs. Edna Hodge of Hamlin; a son, Walter A. Hodge Jr. of Colorado Springs, Colo.; three brothers, Elmer of Sutter, Calif., M. V. of Hobbs, N. M., and Edgar of Long Beach, Calif.; two sisters, Mrs. Ola Tyner of Long Beach, Calif., and Mrs. Belle Walker of Yuba City, Calif., and two grandchildren.

Fire Department To Flush Hydrants

E. E. West, Hamlin City Water Superintendent, announced this week that the Hamlin Fire Department will begin flushing out fire plugs located around the city tonight (Thursday).

He said that this may cause some residents to have cloudy water for a few minutes but that it will clear up soon after turning on the tap.

He said that it might take the Fire Department several weeks to get around to all of the fire plugs within the City. He added that the Fire Department is required to flush the plugs at regular intervals.

County Farmers Organize for Control Program

Stuart Propst of Anson was elected president of the Jones County Boll Weevil Diapause Control program at an organizational meeting held Tuesday afternoon in Anson at the Sirloin Cafe.

Other officers elected were Bill Debuske, vice president; and Herman Reeves, secretary-treasurer, both of Anson.

County gin managers were named to the temporary board of directors.

B&PW Club Makes Plans to Decorate Downtown Building

Plans were made to decorate the windows of the old McDonald building at the Oct. 26 meeting of Hamlin Business and Professional Women's Club.

The group then met at 5 p.m. Nov. 2 to decorate the building with a Thanksgiving theme.

The meeting was held in the home of Mrs. Frank Shearer, vice president, who also presided.

Mrs. I. R. Witt gave a report on Legal Rights Amendment HJR 208 which passed the House of Representatives Oct. 12 by a vote of 354 for and 23 against. The amendment will go to the Senate soon, she said.

The next meeting will be covered dish dinner Nov. 9 in the primary cafeteria. Mrs. Mac Reid will be in charge of the program which will be a Texas Highway Department film.

Mr. and Mrs. L. J. Cunningham flew to Washington, D. C. to spend Veteran's Day weekend with their daughter and her husband, Lt. and Mrs. Joe Sublett. They returned home last Tuesday evening.

Church services will continue to be held in the church building until the new facility is ready for use.

Burl Nash Construction Co. of Abilene contracted for 120 working days. Work began Monday.

The old church building will be torn down and the site will be paved for parking.

The new sanctuary will have a seating capacity of 300, will be brick exterior and interior and will be completely carpeted.

Members of the building committee working with Bryant are C. F. Cook, Dr. E. D. Perrin, W. T. Johnson, Dr. James Harrison, Mrs. Hackley, Fred Smith, John D. Ferguson Sr., Mrs. L. C. Bonds and Bill Davis.

In the fall of 1955, when Rev. Egger was pastor the official board voted to start a Building Fund by tithing the church income, other than that designated as "special" offerings. This was to provide a source of giving for future and establish a Building Fund.

Mrs. Egger made the first contribution to this fund.

In 1960, when Rev. Edmund Robb was pastor, a building campaign was initiated. The first phase was the completion of the educational building at an expenditure of \$175,000. The 12-year loan secured at that time was paid off in six years.

Pipers to Play Final Home Game Friday

The Pied Pipers will be playing their final home game of the season here Friday evening when they host the Stamford Bulldogs. The Bulldogs are currently tied with Haskell for the lead in District 7-AA play.

Last week while Hamlin was being edged out by Anson, 35-26, the Bulldogs were running over Rotan, 41-8. In other action last week Haskell defeated Merkel, 44-0.

This week Merkel will be

playing at Anson and Rotan will be playing at Haskell.

The Pipers will again be without the services of their sophomore tackle Ray Scifres who injured his knee in the Rotan game and missed the Anson game.

The Bulldogs will be fielding one of the fastest teams in the area with most of their last year's winning track team running in the backfield. The Bulldogs operate from the

Wishbone offense with Quarterback Randy Leavitt, 155-pound senior, doing a good job on reading the option. He has good speed and is a good passer.

Bingo Bolin, a 185-pound junior, will be at fullback and has good speed and runs hard. At one halfback position will be Wayne Marsh, 185-pound senior, who is very fast and likes to run to the outside. At the other halfback position will be Rick Medford, a 165-pound senior, who is fast and runs hard.

Fred Washington, a 150-pound senior, will be playing at split end and is a good, fast receiver. Mike McKeever, a 162-pound senior, plays tight end, Pat Gillespie, a 168-pound sophomore, will be at left tackle, with Robert Gillespie, a 210-pound senior, at right tackle. At left guard will be Rodger Johnson, a 162-pound junior, at right guard will be Jake Vasquez, a 150-pound junior, and at center will be Bo Jones, a 165-pound junior.

Hamlin JV's Stay Undefeated With Anson Victory

The Hamlin Junior Varsity remained undefeated following their 20-6 victory over the Anson JV's here Thursday evening, 20-6. The team will travel to Stamford tonight (Thursday) to play a rematch with the Stamford JV's. Kickoff will be at 7 p.m.

Bill Cork opened the scoring for Hamlin Thursday with a seven-yard end-around. The point after try failed. Later in the first period George Titus connected with Cork on a halfback pass that was good for a 92-yard touchdown. Willie Hooper passed to Gary Hertel for the two pointer.

In the second period Cork ran the end-around again for another touchdown. This one was from the five. The point after try failed.

Anson put six points on the scoreboard before the first half ended and neither team scored during the second half.

The secret of a happy life is having something to do and doing it well.

Kenneth Hertel Elected Booster Club President

Kenneth Hertel was elected Pied Piper Booster Club President at the Monday evening meeting of the organization. He will take over his duties at the end of the current school year. James Rodgers is presently serving as president of the Booster Club.

Serving with Hertel will be Ewell Mackey as vice president, Charles Reed as secretary-treasurer, and John Hudson, Gene Baker and Rodgers as directors.

Jr. Hi Defeats Rotan Tuesday, Sweetwater Next

The Hamlin Junior High football teams swept a doubleheader from Rotan Tuesday evening in Rotan. The Eighth grade won their game 21-0 and the Seventh grade won theirs, 6-0. The two teams will close out their season Tuesday evening at Sweetwater with the Seventh grade game starting at 5:30.

Delbert Thompson scored the six points for the Seventh grade on a 20-yard run in the third period.

Russell May opened the Eighth grade scoring with an eight yard touchdown run in the first period. Daniel Willis added six more points in the second period with a 10-yard carry and six more in the third period on a 37-yard touchdown run.

Willis kicked a 22-yard field goal in the fourth period to close out the scoring for the Hamlin team.

GEORGIA DEATON
... FFA sweetheart

Georgia Deaton Elected Chapter FFA Sweetheart

Georgia Deaton, Hamlin High School junior, has been elected sweetheart of the Hamlin Future Farmers of America Chapter and will represent the organization in all area activities.

She is the 16-year-old daughter of Mr. and Mrs. George L. Deaton.

Miss Deaton was on the paper staff and a member of the band her freshman year. As a freshman and sophomore she played basketball and was class reporter as a junior.

An active participant in area rodeo activities, she served as reporter of the Hamlin Riding Club and was their Rodeo Queen for 1970-71.

Her hobbies are horseback riding, outdoor sports and cooking.

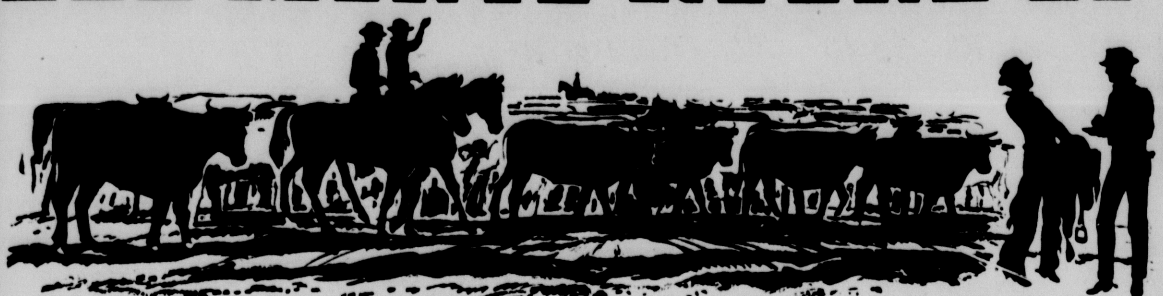

AT GROUND BREAKING — Taking part in ground breaking ceremonies at First United Methodist Church Sunday afternoon are, from left, Rev. Johnnie Williams, pastor, Rev. Darris Egger of Abilene, district superintendent, Mrs. L. H. Mc-

Bride, Mrs. A. A. Hackley, Mrs. B. H. Gardner and Mrs. M. T. Hudson. The ladies use golden shovels to turn the first spades of dirt.

Young H'makers To Collect Gifts For State School

The Young Homemakers Chapter met Monday evening at Hamlin High School.

After the regular business session, Mrs. C. L. Howard presented a project for the club to consider. She asked that each member bring a useful Christmas gift for the people at the Abilene State School. She said that there are over 2,000 patients and several of these do not get to go home for Christmas.

The gifts are to be taken to the Homemaking Department by Nov. 23 and Mrs. Howard will deliver them to the School Nov. 24. The gifts are not to be wrapped.

With the use of slides, Mrs. Dan Newberry presented a program about Germany and Hawaii. She and her husband spent two years in Germany while he was in the military service. They visited Hawaii on a leave.

Refreshments were served by Mrs. David Wade and Mrs. Randy Brown.

The next meeting will be Dec. 6 at 7 p.m. at the high school. Catherine Cauley of Abilene will present a program on gift wrapping. Babysitting will be furnished.

FROM THE FILES . . .

FORTY-FIVE YEARS AGO (November 2, 1928)

This Wednesday noon the Hamlin Rotary Club had as their guest Mr. C. C. Johnson, the newly chosen County Agent for Jones County.

Mr. Johnson has had several years experience in this work and from his talk this county should be greatly helped in an agricultural way.

Jones County has been greatly helped in the past by County Agents.

The Church of Christ has a full time pastor now. The Rev. R. H. Montgomery, of Rising Star, has been called. He and his three children, two girls and one boy are already here and are occupying the Dr. White residence on Jackson Avenue. The Church of Christ has a very favorable location in Hamlin, and there are reports that they are contemplating the erection of a new office in the near future.

Rev. Montgomery has a genuine welcome to our city.

The Merry Matron "42" Club was most pleasantly entertained by Mrs. W. A. Albritton at her beautiful home on Central Avenue Wednesday afternoon, October 24th at 3 o'clock.

The hostess entertained the club as she said and showed to express her appreciation to a number of its members who had invited her so often to their homes.

The living room looked cheerful and inviting with lovely bowls of roses. The score cards, talley pads and pencils carried out the Hallowe'en idea.

The two adult societies of the First Methodist Church are arranging to observe Week of Prayer with special services on Tuesday, Wednesday and Thursday afternoons, Nov. 6, 7 and 8, closing with a program Sunday Nov. 11th, at 7:15 p.m.

All ladies of the town are cordially invited to attend these special services.

TWENTY YEARS AGO (November 2, 1951)

Of interest and perhaps of some small concern to heavy smokers was the fact that yesterday in Hamlin the general prices of cigarettes went up one cent.

Stores that had been selling popular brands at 20 cents in some cases raised them to 21 cents. Where they had been 22 cents the price in other places went up to 23 cents.

Rainy Weather slowed down ginning considerably in the three Hamlin gins this week and at The Herald's press time 1,721 bales had been produced locally.

But from Neinda, Tuxedo and McCauley the individual ginning reports brought the total up for greater Hamlin area to 3,195 bales.

A barn on a hill near the Veterans of Foreign Wars club house, was almost destroyed by fire Wednesday night.

Cause of the fire was undetermined. The siren brought out members of the Volunteer Fire Department about 8:30 p.m.

TEN YEARS AGO (November 2, 1961)

The Hamlin Lions Club will hold their annual Broom Sale Tuesday,

November 7, starting at 8 a.m. The truck will be parked on the side street next to the F&M National Bank Building and the club members will conduct a door to door canvas Tuesday afternoon.

Ed Croan, club president, announced that Claude Lancaster will be in charge of the broom sale this year. The brooms are made by the Lighthouse for the Blind Organization and money that is made locally on the sale is used by the club to purchase glasses for the needy children and other youth projects.

The Trade Development Committee of the Hamlin Board of Community Development set Saturday, December 2, as Christmas opening in Hamlin with a parade Saturday morning to bring Santa Clause to town, according to Ray Sonnenburg, chairman, and Curtis Dodd, director.

Members of the Hamlin Riding Club will meet at the Riding Arena at 2 p.m. Saturday, November 4, for a trail ride to Frog Park, where hot dogs and cold drinks will be served.

Those planning to attend are asked to call Reynolds Drug.

Hallowe'en, 1961, has been termed as a fairly orderly night by Police Chief John L. McCurdy. He uses past years' events as his basis for comparison.

The "Trick or treaters" came in droves as residents passed out candies and other goodies. The younger set was all dressed in costume for the occasion.

Four regular police officers plus six local firemen were on duty to prevent any major disturbances. The officers were on West Lake Drive several times to break up a gang of youngsters who were throwing rocks, chunks of watermelon, eggs and water balloons at the passing motorists. At times there were as many as 50 to 75 youngsters in the group.

The quietest part of town was in the Northeast section where officers noted no activity as they made their rounds.

And What Have You

By BOB CRAIG

We quit trying to publish a weekly calendar of events in this community because there are so many meetings every night of the week it is nearly impossible to keep track of them all. At least it might be nearly a full time job to keep a community calendar of events complete and current.

Residents of the big city actually have less pressure, more privacy and fewer demands upon their time than do residents of a small town.

Even the youngsters tend to be over-organized in a small town more than in a city. Almost all kinds are engaged in a wide variety of projects connected with YMCA or Scouting or 4-H or church which take up much of their after-school hours.

One might describe the big city as like an ant hill where the ants trudge back and forth on endless trips to work and to home; in the small town it is more like a beehive, where bees buzz furiously around the hive, never getting very far, but not resting much, either.

The fellow that thinks small town living is slow and relaxing has obviously been away from one for quite some time.

Work Started On FM Highway Near Tuxedo

J. H. Strain & Sons, Inc. of Tye have begun work on highway construction in this area. A contract in the amount of \$116,656.47 was awarded them by the Texas Highway Commission Oct. 15 for 4.0 miles of construction work on F. M. Highway 2834 in Jones County.

The contract work is to be completed in 90 working days and is under the supervision of Nelson Shave, Supervising Resident Engineer of the Texas Highway Department in Hamlin. This project begins 5.2 miles east of F. M. Highway 1835 and extends to F. M. Highway 1661. This project is an extension of F. M. Highway 2834 which begins in Stamford and intersects F. M. Highway 1661 north of Tuxedo. Authorization for this work was made in May, 1970 as a part of the 1970 Texas Farm to Market Program. The construction work consists of grading, structures, base, and surfacing.

A conference to promote traffic safety was held at the Resident Engineer's office in Hamlin at 10 a.m. Oct. 29, with representatives of the contractor and the Texas Highway Department in attendance. The purpose of the meeting was to secure close cooperation between all departments in promoting traffic safety through the limits of the construction project.

Traffic will be routed through the construction on the sub-grade, shoulders, slopes, ditches, and specially graded detours paralleling the existing road. Adequate barricades and warning signals will be prominently displayed at all times, but motorists should be extremely cautious in passing through the construction areas as they will be heavily traveled by large highway construction equipment. Cooperation of the public is requested in obeying all signals and warning signs.

Tigers Outscore Pipers

Friday for District Win

Playing what was probably their best game of the year, Friday, the Pied Pipers lost a scoring duel with the Anson Tigers, 35-26. The Pipers failed to make one of their four two-point conversion plays which turned out to be the difference between winning and losing.

Piper freshman sensation Johnny Jones had one of his best nights of the season Friday as he played an outstanding defensive game and was the leading rusher for the night with 110 yards on 16 carries for a 6.9 average. This brought his season total for six games played to 467 yards in 68 carries for a season average of 6.9 yards per carry.

Relying mostly their aerial attack, the Tigers' leading ground gainer was Mack Rye with 39 yards in 10 carries.

For one of the few times this year the Pipers won the coin toss and received the opening kickoff with David Willis returning it back to the Hamlin 41. The Pipers drove the 59 yards to paydirt in 12 plays with Milton and Johnny Jones picking up most of the yards in the drive. Johnny scored from two yards out as he raced into the corner on a pitch out around his left end. Milton's try for the two point failed and the Pipers owned a six point lead with seven minutes left in the first period.

Anson had three passes go incomplete following the kickoff and punted to the Anson 41. This time it just took the Pipers two plays to score with Milton passing to Willis over the middle on second down for the score. Milton connected with Rick Rodgers for the two points. Anson cranked up their passing attack following the

kickoff and moved the ball 70 yards in six plays with Ricky Watts passing to Jay Rowland for the final 10 yards. Watts passed to Joe Bell for the two points to cut the Piper lead to 14-8.

The Pipers failed to sustain a drive following the kickoff and punted from their 37 with Anson taking over on their 32. The Tigers drove down to the Hamlin 17 but were dropped back to the 32 from where they punted to the Hamlin seven.

The Pipers were two yards short of a first down and punted out to their 48 with Anson using 11 plays to cover the 48 yards for their second score. Watts carried in from the nine for the tally. Ernest Garcia put the Tigers out in front with his point after kick.

Neither team threatened to score for the balance of the second period and the teams went in half time with the Tigers ahead, 15-14.

The second half kickoff by the Pipers sailed over the head of the Tigers with Anson bringing it out to the 10. On second down the Tigers fumbled with the Pipers recovering on the Anson four-yard line. It took Barry McDonald just two tries into the line to put six more points on the board but his try for two points

failed and the Pipers were ahead 20-15.

Following the kickoff the Tigers moved 71 yards in the 12 plays to go back out in front. Warren Dozier crossed the goal line from six yards out for the score. The Anson kick was good and they lead 22-20.

After an exchange of punts the Pipers opened up another scoring drive from their 30 with Milton passing to Rodgers for 26 yards and Willis for 13 for a first down at the Tiger 35. Johnny carried for gains of one, 13 and five and Milton carried for eight yards and a first down at the eight. Johnny carried for gains of one and three yards, Milton picked up two more and then scored from the two. His pass for the two points was knocked down by a Tiger defender in the end zone. The Pipers were now ahead, 26-22.

The Tigers nearly broke loose on the kickoff with Johnny stopping Garcia at the Hamlin 48. Aided by a 15-yard penalty, it took the Tigers 11 plays to put six more points on the scoreboard with Dozier scoring again from the three. The kick after was good and the T's were back out in front, 29-26.

Taking over on the Hamlin 42 after the kickoff, Johnny gained six yards but Willis was dropped for a three-yard loss. On third down Milton's pass was just out of reach of Willis and gambling on the fourth down, his pass to Rodgers was just over his head.

Aided by another 15-yard penalty, the Tigers moved the 48 yards to score in nine plays with Garcia crossing the goal line with one second left on the clock. The point after try missed and the Tigers were the winners, 35-26.

Neinda Philosopher Finds New Hope

For Old Domino Players In Their 40's

Editor's note: The Neinda Philosopher on his Johnson grass farm on Route One must have had a birthday, his letter this week sort of indicates.

Dear editor:

I got tired of international news the other day, tried to rest my mind on the editorials in The Reporter-News, that didn't help, so turned to the sports pages.

After reading that, I'm not sure a man has any place to turn.

For example, there was an article telling about the exploits of old men still playing professional football. Bobby Lily of the Dallas Cowboys, it said, is still going strong even though he's 35 years old. Quarterback Johnny Unitas at 38 is still throwing the football. A lot of players for the Washington Redskins are well over 30. And so it went.

I'll tell you, when a man is past his prime at 30 and old at 35, the world is moving too fast for me and probably you.

But it's getting even worse. Another article in the same paper reported on a chess match between Bobby Fischer, of the U. S. and Tigran Petrosian of the Soviet Union. The Russian, former world champion, lost, and the article said: "It was a bitter defeat for the 42-year-old Petrosian. He made the bid despite his age, which is considered old for the exhausting demands of tournament play." And it added: "Fischer, 28, is at the peak of his powers, according to most chess experts."

You mean chess is even worse than football? You're at your peak at 28 and over the hill at 42? What's a man supposed to do when he's past 40? Retire and run for Congress? Edit a newspaper?

However, there's hope for all

such old people. I didn't know this until I saw it on television the other day, but a man has invented and is now selling ballbearing dominoes.

That's right. There's a tiny ballbearing on the face of each domino and you can shuffle with practically no exertion. The dominoes glide and spin with the slightest shove. Practically any old football or chess player can do it, and with a few corrective exercises to build up his hand muscles probably the chairman of a Congressional Committee could get the hang of it.

This should extend the playing days of domino experts almost indefinitely. Is somebody working on something like this for newspaper editors?

Yours faithfully,
J. A.

Tony Lewis Is Member of Baylor Golden Wave Band

WACO — Tony Lewis, son of Mr. and Mrs. Ed Lewis of 708 N. W. Avenue H, is a member of the 1971-72 Golden Wave Band at Baylor University.

A freshman music education major at Baylor, Lewis is one of 150 members composing the marching band.

The band, which lives up to its name by appearing in bright gold-colored uniforms, presents special half-time shows at all Baylor home football games and will present shows at several home basketball games this year.

In addition to performing at the home games, the band scheduled road trips for Baylor's football bouts with Texas A & M at College Station, Texas Tech at Lubbock, the University of Texas at Austin and Rice in Houston.

After the football season, the band will be divided into a symphonic wind ensemble composed of about 50 members and later into the Baylor Symphonic Band, which gives concerts throughout the year on campus.

A tour of the West Texas area is planned by the symphonic band next March.

Gene C. Smith, a native of Abilene and a Baylor graduate, is director of Baylor bands.

Hamlin Free of Incidents During Halloween Night

No incidents were reported to the Hamlin Police Department during the Halloween weekend.

Most Halloween activity was Saturday evening rather than on Sunday, Oct. 31.

Ed Wheat, chief of police, said that to his knowledge not even a trash barrel was overturned. He complimented the youth on their good behavior.

Rainfall

Official rain measurement during the past week totalled .22, according to Bill Rountree.

Recorded Oct. 29 was .20 and Oct. 30, .02.

Area Conservation District To Sponsor Essay Contest

Birger Haterius of Avoca, chairman of the Board of Directors of the California Creek Soil and Water Conservation District announced this week the entry of the district in the 27th Annual Texas Conservation Awards Program, sponsored by the Fort Worth Chamber of Commerce.

Haterius said that the District Directors were urging the schools of the District to have the children write essays to be entered in the annual essay contest.

Local rules for the Essay Contest are:

Subject: CONSERVATION — THE KEY TO SURVIVAL

Length: Up to 300 words permitted

Preparation: a. Typed or written neatly in ink; b. Cover sheet with student's name, grade and school

Eligibility: Any boy or girl under 18 (does not jeopardize Texas Interscholastic eligibility)

Awards: First Place — \$25.00 Savings Certificate, Second Place — \$20.00 Savings Certificate, Third Place — \$15.00 Savings Certificate, Fourth Place — \$10.00 Savings Certificate, Fifth Place — \$5.00 Savings Certificate.

Entry Deadline: In the office of the California Creek Soil and

Water Conservation District, Box 751, Haskell, Texas 79521 by January 15, 1972.

The first place essay in the District will be submitted to the State and will be in competition for \$100 cash and trophy, and one of three trophies in the Region V. Susan Harris, formerly of Haskell, the granddaughter of the J. W. Robertsons of Haskell was the 1969 Region V. winner, according to J. C. Yeary, District Conservationist.

The Board of Directors hope to have entries for the outstanding Conservation Farmer or Rancher, the Comeback Farmer or Rancher, a Professional-Business man or woman who has rendered the most unselfish service to Conservation in the District, a Conservation Teacher, A Wildlife Conservationist, a Radio Station, and a Weekly Newspaper.

"We are hoping," Haterius said, "that the County Extension Agents of Haskell and Jones Counties will enter their outstanding Conservation Homemaker and 4-H Club Conservationist. Each Vocational Agricultural Instructor in the District is asked to submit their outstanding FFA Conservationists."

For detailed information concerning the 1972 Texas Conservation Awards Program, contact your local District Conservationist, J. C. Yeary in Haskell and J. P. Henson in Anson.

NEWS AND VIEWS . . .

And What Have You

By BOB CRAIG

Hope that it did not take too long for most of you to figure out that if you turned your paper upside down last week the picture of Hamlin Restaurant looked more realistic. You have to admit that the picture looked more exciting when viewed upside down though.

I should have caught this mistake when the paper was being printed in Stamford but while the press run was being made I was trying to help get the Knox City paper ready to print and did not see the mistake until the Herald was already printed.

As many of you have already read in the Abilene paper the Munday, Knox City and Rochester papers have ceased publication and citizens of these towns have banded together to start new papers. The Munday paper is being produced in Quanah and the Knox City and Rochester papers are being printed in Stamford. Both Munday and Knox City were without a paper only one week but it took an extra week to get a paper going again in Rochester.

One of the things that makes you proud of being a part of the newspaper business is that publishers from all over this part of West Texas offered their assistance to the people of these three towns.

It can get pretty involved just trying to produce a new paper for a town without any equipment available locally. In the case of Knox City, the copy is written in Knox City, the type is set in Hamlin on a tape punching machine on loan from the Abilene Reporter-News, run through our computer and then is assembled and printed in Stamford.

For those hunters who might have missed seeing the hunting seasons for this area, as announced recently, the deer and turkey season opens Nov. 13 and the quail season opens Dec. 1.

From an editorial in *The Perryton Herald* by Harold Hudson, publisher, it would appear that life in Perryton must be somewhat like life in Hamlin. His editorial follows and it would apply here just about as well as in Perryton.

One of the dreams of big city newspapermen is to long for a day when they can buy a weekly newspaper and take it easy.

Other city residents look longingly at the slow pace and easy living to be found in the small towns of this country and wish they could afford to move into it.

We've got ews for these people.

Small town living is not necessarily slow paced or easy. They are looking back with nostalgia to the earlier years of this century when perhaps a small town was languid and relaxed. There was a time when people moved at a slow pace, and lounged around the front porch in the evening because there wasn't much else to do.

Today, the typical American small town is perhaps the most frantically over-organized community in the world.

A lot of homeowners find that they don't really have time to take care of their yard properly, much less time to do much reading, because they have so many community and organization jobs.

A businessman is apt to be working for the Chamber of Commerce, active in a civic club, working in the United Fund, taking part on church committees.

His wife is also busy in club work and church work and in community affairs.

The farm family is caught up in 4-H Club work, extension service projects, plus many other organizations and activities dealing with soil conservation, livestock improvement or the like.

HAMLIN BAND RECEIVES HIGH RATING — The Pied Piper Marching Green in formation at Pete Shotwell Stadium, Abilene, received a division one rating at the Region 6 Marching Contest Tuesday. The Hamlin band was the only band in Class AA to receive the coveted division one rating. This was the fourth consecutive year that the band, under the direction of Tim Jones, has received the division one rating at the UIL sponsored event.

Methodists Break Ground For Sanctuary Here Sunday

Ground breaking for a new \$125,000 sanctuary for First United Methodist Church was held Sunday afternoon at 4:30 p.m. Contract for the new building was signed Thursday. Some 100 persons attended the ground breaking ceremony which was conducted by Rev. Johnnie Williams, pastor; Rev. Darris Egger of Abilene, former pastor and now District Superintendent; and John C. Bryant, chairman of the building committee.

Car-Truck Wreck Near Wheeler Kills Local Minister

A head-on car-truck collision near Wheeler took the lives of a local minister, Rev. Walter A. Hodge Sr., pastor of the United Pentecostal Church, and a young Allison ranch hand who this year completed his second tour of duty in Vietnam, Thurman Lee Hall, 23.

The accident occurred at 2:50 p.m. Friday 7½ miles north of Wheeler on U. S. 83. Both were pronounced dead at the scene. Authorities said Hall was traveling north on the highway when his car and a truck driven by Hodge collided.

The highway was wet when the mishap occurred, but was not slippery, police said. Rescue workers took more than an hour to remove the bodies. Patrolmen said the vehicles were almost welded together after hitting head-on.

Rev. Hodge was born Oct. 9, 1910 in Hillsboro. He had been pastor of the local church for 10 months, moving here from Poteau, Okla.

Services were held at 4 p.m. Monday in North Side United Pentecostal Church in Amarillo. Rev. T. H. Chapman, pastor, officiated. Interment was in Llano Cemetery.

Survivors include his wife, Mrs. Edna Hodge of Hamlin; a son, Walter A. Hodge Jr. of Colorado Springs, Colo.; three brothers, Elmer of Sutter, Calif., M. V. of Hobbs, N. M., and Edgar of Long Beach, Calif.; two sisters, Mrs. Ola Tyner of Long Beach, Calif., and Mrs. Belle Walker of Yuba City, Calif., and two grandchildren.

Fire Department To Flush Hydrants

E. E. West, Hamlin City Water Superintendent, announced this week that the Hamlin Fire Department will begin flushing out fire plugs located around the city tonight (Thursday).

He said that this may cause some residents to have cloudy water for a few minutes but that it will clear up soon after turning on the tap.

He said that it might take the Fire Department several weeks to get around to all of the fire plugs within the City. He added that the Fire Department is required to flush the plugs at regular intervals.

Church services will continue to be held in the church building until the new facility is ready for use.

Burl Nash Construction Co. of Abilene contracted for 120 working days. Work began Monday.

The old church building will be torn down and the site will be paved for parking. The new sanctuary will have a seating capacity of 300, will be brick exterior and interior and will be completely carpeted. Members of the building committee working with Bryant are C. F. Cook, Dr. E. D. Perrin, W. T. Johnson, Dr. James Harrison, Mrs. Hackley, Fred Smith, John D. Ferguson Sr., Mrs. L. C. Bonds and Bill Davis.

In the fall of 1955, when Rev. Egger was pastor the official board voted to start a Building Fund by tithing the church income, other than that designated as "special" offerings. This was to provide a source of giving for future and establish a Building Fund.

Mrs. Egger made the first contribution to this fund.

In 1960, when Rev. Edmund Robb was pastor, a building campaign was initiated. The first phase was the completion of the educational building at an expenditure of \$175,000. The 12-year loan secured at that time was paid off in six years.

Other officers elected were Bill Debuske, vice president; and Herman Reeves, secretary-treasurer, both of Anson.

County gin managers were named to the temporary board of directors.

B&PW Club Makes Plans to Decorate Downtown Building

Plans were made to decorate the windows of the old McDonald building at the Oct. 26 meeting of Hamlin Business and Professional Women's Club.

The group then met at 5 p.m. Nov. 2 to decorate the building with a Thanksgiving theme.

The meeting was held in the home of Mrs. Frank Shearer, vice president, who also presided.

Mrs. I. R. Witt gave a report on Legal Rights Amendment HJR 208 which passed the House of Representatives Oct. 12 by a vote of 354 for and 23 against. The amendment will go to the Senate soon, she said.

The next meeting will be covered dish dinner Nov. 9 in the primary cafeteria. Mrs. Mac Reid will be in charge of the program which will be a Texas Highway Department film.

Mr. and Mrs. L. J. Cunningham flew to Washington, D. C. to spend Veteran's Day weekend with their daughter and her husband, Lt. and Mrs. Joe Sublett. They returned home last Tuesday evening.

Pipers to Play Final Home Game Friday

The Pied Pipers will be playing their final home game of the season here Friday evening when they host the Stamford Bulldogs. The Bulldogs are currently tied with Haskell for the lead in District 7-AA play.

Last week while Hamlin was being edged out by Anson, 35-26, the Bulldogs were running over Rotan, 41-8. In other action last week Haskell defeated Merkel, 44-0.

This week Merkel will be

playing at Anson and Rotan will be playing at Haskell.

The Pipers will again be without the services of their sophomore tackle Ray Scifres who injured his knee in the Rotan game and missed the Anson game.

The Bulldogs will be fielding one of the fastest teams in the area with most of their last year's winning track team running in the backfield. The Bulldogs operate from the

Wishbone offense with Quarterback Randy Leavitt, 155-pound senior, doing a good job on reading the option. He has good speed and is a good passer.

Bingo Bolin, a 185-pound junior, will be at fullback and has good speed and runs hard. At one halfback position will be Wayne Marsh, 185-pound senior, who is very fast and likes to run to the outside. At the other halfback position will be Rick Medford, a 165-pound senior, who is fast and runs hard.

Fred Washington, a 150-pound senior, will be playing at split end and is a good, fast receiver. Mike McKeever, a 162-pound senior, plays tight end. Pat Gillespie, a 168-pound sophomore, will be at left tackle, with Robert Gillespie, a 210-pound senior, at right tackle. At left guard will be Rodger Johnson, a 162-pound junior, at right guard will be Jake Vasquez, a 150-pound junior, and at center will be Bo Jones, a 165-pound junior.

Kenneth Hertel Elected Booster Club President

Kenneth Hertel was elected Pied Piper Booster Club President at the Monday evening meeting of the organization. He will take over his duties at the end of the current school year. James Rodgers is presently serving as president of the Booster Club.

Serving with Hertel will be Ewell Mackey as vice president, Charles Reed as secretary-treasurer, and John Hudson, Gene Baker and Rodgers as directors.

GEORGIA DEATON
... FFA sweetheart

Georgia Deaton Elected Chapter FFA Sweetheart

Georgia Deaton, Hamlin High School junior, has been elected sweetheart of the Hamlin Future Farmers of America Chapter and will represent the organization in all area activities.

She is the 16-year-old daughter of Mr. and Mrs. George L. Deaton.

Miss Deaton was on the paper staff and a member of the band her freshman year. As a freshman and sophomore she played basketball and was class reporter as a junior.

An active participant in area rodeo activities, she served as reporter of the Hamlin Riding Club and was their Rodeo Queen for 1970-71.

Her hobbies are horseback riding, outdoor sports and cooking.

Jr. Hi Defeats Rotan Tuesday, Sweetwater Next

The Hamlin Junior High football teams swept a doubleheader from Rotan Tuesday evening in Rotan. The Eighth grade won their game 21-0 and the Seventh grade won theirs, 6-0. The two teams will close out their season Tuesday evening at Sweetwater with the Seventh grade game starting at 5:30.

Delbert Thompson scored the six points for the Seventh grade on a 20-yard run in the third period.

Russell May opened the Eighth grade scoring with an eight yard touchdown run in the first period. Daniel Willis added six more points in the second period with a 10-yard carry and six more in the third period on a 37-yard touchdown run.

Willis kicked a 22-yard field goal in the fourth period to close out the scoring for the Hamlin team.

AT GROUND BREAKING — Taking part in ground breaking ceremonies at First United Methodist Church Sunday afternoon are, from left, Rev. Johnnie Williams, pastor, Rev. Darris Egger of Abilene, district superintendent, Mrs. L. H. Mc-

Bride, Mrs. A. A. Hackley, Mrs. B. H. Gardner and Mrs. M. T. Hudson. The ladies use golden shovels to turn the first spades of dirt.

Young H'makers To Collect Gifts For State School

The Young Homemakers Chapter met Monday evening at Hamlin High School.

After the regular business session, Mrs. C. L. Howard presented a project for the club to consider. She asked that each member bring a useful Christmas gift for the people at the Abilene State School. She said that there are over 2,000 patients and several of these do not get to go home for Christmas.

The gifts are to be taken to the Homemaking Department by Nov. 23 and Mrs. Howard will deliver them to the School Nov. 24. The gifts are not to be wrapped.

With the use of slides, Mrs. Dan Newberry presented a program about Germany and Hawaii. She and her husband spent two years in Germany while he was in the military service. They visited Hawaii on a leave.

Refreshments were served by Mrs. David Wade and Mrs. Randy Brown.

The next meeting will be Dec. 6 at 7 p.m. at the high school. Catherine Cauley of Abilene will present a program on gift wrapping. Babysitting will be furnished.

FROM THE FILES . . .

FORTY-FIVE YEARS AGO
(November 2, 1928)

This Wednesday noon the Hamlin Rotary Club had as their guest Mr. C. C. Johnson, the newly chosen County Agent for Jones County.

Mr. Johnson has had several years experience in this work and from his talk this county should be greatly helped in an agricultural way.

Jones County has been greatly helped in the past by County Agents.

The Church of Christ has a full time pastor now. The Rev. R. H. Montgomery, of Rising Star, has been called. He and his three children, two girls and one boy are already here and are occupying the Dr. White residence on Jackson Avenue. The Church of Christ has a very favorable location in Hamlin, and there are reports that they are contemplating the erection of a new office in the near future.

Rev. Montgomery has a genuine welcome to our city.

The Merry Matron "42" Club was most pleasantly entertained by Mrs. W. A. Albritton at her beautiful home on Central Avenue Wednesday afternoon, October 24th at 3 o'clock.

The hostess entertained the club as she said and showed to express her appreciation to a number of its members who had invited her so often to their homes.

The living room looked cheerful and inviting with lovely bowls of roses. The score cards, talley pads and pencils carried out the Hallowe'en idea.

The two adult societies of the First Methodist Church are arranging to observe Week of Prayer with special services on Tuesday, Wednesday and Thursday afternoons, Nov. 6, 7 and 8, closing with a program Sunday Nov. 11th, at 7:15 p.m.

All ladies of the town are cordially invited to attend these special services.

TWENTY YEARS AGO
(November 2, 1951)

Of interest and perhaps of some small concern to heavy smokers was the fact that yesterday in Hamlin the general prices of cigarettes went up one cent.

Stores that had been selling popular brands at 20 cents in some cases raised them to 21 cents. Where they had been 22 cents the price in other places went up to 23 cents.

Rainy Weather slowed down ginning considerably in the three Hamlin gins this week and at The Herald's press time 1,721 bales had been produced locally.

But from Neinda, Tuxedo and McCauley the individual ginning reports brought the total up for greater Hamlin area to 3,195 bales.

A barn on a hill near the Veterans of Foreign Wars club house, was almost destroyed by fire Wednesday night.

Cause of the fire was undetermined. The siren brought out members of the Volunteer Fire Department about 8:30 p.m.

Since Armistice Day, November 11 falls on Sunday, the following day - Monday, November 12 will be observed by the Hamlin Post Office, the city schools and the Farmers and Merchants National Bank as a legal holiday.

TEN YEARS AGO
(November 2, 1961)

The Hamlin Lions Club will hold their annual Broom Sale Tuesday,

November 7, starting at 8 a.m. The truck will be parked on the side street next to the F&M National Bank Building and the club members will conduct a door to door canvas Tuesday afternoon.

Ed Croan, club president, announced that Claude Lancaster will be in charge of the broom sale this year. The brooms are made by the Lighthouse for the Blind Organization and money that is made locally on the sale is used by the club to purchase glasses for the needy children and other youth projects.

The Trade Development Committee of the Hamlin Board of Community Development set Saturday, December 2, as Christmas opening in Hamlin with a parade Saturday morning to bring Santa Claus to town, according to Ray Sonnenburg, chairman, and Curtis Dodd, director.

Members of the Hamlin Riding Club will meet at the Riding Arena at 2 p.m. Saturday, November 4, for a trail ride to Frog Park, where hot dogs and cold drinks will be served.

Those planning to attend are asked to call Reynolds Drug.

Hallowe'en, 1961, has been termed as a fairly orderly night by Police Chief John L. McCurdy. He uses past years' events as his basis for comparison.

The "Trick or treaters" came in droves as residents passed out candies and other goodies. The younger set was all dressed in costume for the occasion.

Four regular police officers plus six local firemen were on duty to prevent any major disturbances. The officers were on West Lake Drive several times to break up a gang of youngsters who were throwing rocks, chunks of watermelon, eggs and water balloons at the passing motorists. At times there were as many as 50 to 75 youngsters in the group.

The quietest part of town was in the Northeast section where officers noted no activity as they made their rounds.

And What Have You

By BOB CRAIG

We quit trying to publish a weekly calendar of events in this community because there are so many meetings every night of the week it is nearly impossible to keep track of them all. At least it might be nearly a full time job to keep a community calendar of events complete and current.

Residents of the big city actually have less pressure, more privacy and fewer demands upon their time than do residents of a small town.

Even the youngsters tend to be over-organized in a small town more than in a city. Almost all kinds are engaged in a wide variety of projects connected with YMCA or Scouting or 4-H or church which take up much of their after-school hours.

One might describe the big city as like an ant hill where the ants trudge back and forth on endless trips to work and to home; in the small town it is more like a beehive, where bees buzz furiously around the hive, never getting very far, but not resting much, either.

The fellow that thinks small town living is slow and relaxing has obviously been away from one for quite some time.

HALLOWEEN PLAY — Characters in a play, "Lucifer the Mean," presented by the fifth grade class at the reading center are, from left, Sylvia Gipson, who played the ghost, Lorenzo Hernandez, who played Lucifer, and Abel Silvas, the 'trick or treaters.' Not pictures is the narrator, Charles Ruiz. The play was presented by Mrs. Tim Jones' class for Mrs. Richard Young's class of fifth graders.

Funeral Services Held Oct. 26 for O. R. Criswell

Services were held last Tuesday at 10 a.m. for Owen Richard Criswell, 76, a former Hamlin resident and retired foreman of the Celotex Corporation here, who died at 10:35 a.m. last Sunday in Ranger General Hospital.

Rev. Gene Chamness, pastor, officiated. Burial was in Merriman Cemetery.

Born May 25, 1895, in Flatonia, he was married to the former Vera M. Brown, Dec. 24, 1921, in Woodward, Okla. They resided in Burk Burnett and Dumont from 1915 to 1920. They made their home in Hamlin a number of years prior to moving to the Ranger area in 1960.

He was a member of the First United Methodist Church.

Survivors include his wife; four sons, Richard L. of Lake Leon, Dean of Fort Worth, Glenn of Wichita Falls, and Victor of El Paso; two daughters, Mrs. Desmond (Iris) Hay of Fort Worth, and Mrs. Cherman (Cherry) Walter of Dallas; one brother, Joel S. (Pete) of Corpus Christi; three sisters, Mrs. Ed Duncan and Mrs. Lucille Chapman, both of Dallas, and Mrs. L. B. Norrod of Corpus Christi; 10 grandchildren and one great-grandson.

Pallbearers were Lance Powell, Charles Arnett, Dr. W. P. Watkins, Dr. John Foster, Jess Weaver, James Ratliff, Glyn Gilliam, and James W. Childress.

Ross Douglass To Attend Fish Farming Workshop

Ross Douglass, owner of Douglass Catfish Farm at Sylvester, will attend a catfish farming workshop and fish harvesting demonstration at the VFW Hall in Katy Texas Nov. 10.

The event will be sponsored by the Catfish Farmers of Texas, an organization which was formed only last year.

Cooperating in the workshop and demonstration are the Extension Service, National Marine Fisheries Service, Soil Conservation Service and Katy Farms, Inc.

Camp Fire Council Sets Cake Sale Sat.

A cake sale to be held in front of Mac's Super Market Saturday morning will be sponsored by the Camp Fire Council.

If the weather is bad the sale will be moved inside the store. All mothers of Camp Fire girls will be contacted for one cake (not a mix), two pies or a donation of \$3. Proceeds of the sale will be used to carry out the activities of the year.

Plans were made at the Oct. 26 meeting with President Raymond Seifres presiding. During the business session Mrs. Arlie Cassle, Mrs. James Crowley and Mrs. Don Pylon were placed on the nominating committee to report at the Nov. 9 meeting to be held at 7:30 p.m. at the hut.

Mr. and Mrs. Donald Wesley Jones of Anson are parents of a boy, Shannon Wayne, 9 lbs. 1 oz., born Oct. 31 at 12:57 a.m. Mr. and Mrs. Noel Lee Jack Jordan of Anson are parents of a girl, Sondra Kay, 7 lbs. 13 1/2 oz., born Nov. 1 at 8:55 p.m.

Work Started On FM Highway Near Tuxedo

J. H. Strain & Sons, Inc. of Tye have begun work on highway construction in this area. A contract in the amount of \$116,656.47 was awarded them by the Texas Highway Commission Oct. 15 for 4.0 miles of construction work on F. M. Highway 2834 in Jones County.

The contract work is to be completed in 90 working days and is under the supervision of Nelson Shave, Supervising Resident Engineer of the Texas Highway Department in Hamlin. This project begins 5.2 miles east of F. M. Highway 1835 and extends to F. M. Highway 1661. This project is an extension of F. M. Highway 2834 which begins in Stamford and intersects F. M. Highway 1661 north of Tuxedo. Authorization for this work was made in May, 1970 as a part of the 1970 Texas Farm to Market Program. The construction work consists of grading, structures, base, and surfacing.

A conference to promote traffic safety was held at the Resident Engineer's office in Hamlin at 10 a.m. Oct. 29, with representatives of the contractor and the Texas Highway Department in attendance. The purpose of the meeting was to secure close cooperation between all departments in promoting traffic safety through the limits of the construction project.

Traffic will be routed through the construction on the sub-grade, shoulders, slopes, ditches, and specially graded detours paralleling the existing road. Adequate barricades and warning signals will be prominently displayed at all times, but motorists should be extremely cautious in passing through the construction areas as they will be heavily traveled by large highway construction equipment. Cooperation of the public is requested in obeying all signals and warning signs.

SAN ANTONIO — Airman Abner C. Johnson, son of Mr. and Mrs. Raymond Johnson of 528 N. E. Avenue G, Hamlin, has received his first U. S. Air Force duty assignment after completing basic training at Lackland AFB, The Airman has been assigned to a unit of the Strategic Air Command at Davis Monthan AFB, Ariz., for training and duty in fuel services. Airman Johnson is a 1971 graduate of Oakland (Calif.) High School.

Mr. and Mrs. Tony Collins, Rt. 2, Stamford, are parents of a girl, Melissa Kay, 6 lbs. 11 oz., born Oct. 29 at 9:45 p.m.

News deadline noon Tuesday.

Bridge Winners

Members of Hamlin Duplicate Bridge Club voted Tuesday evening to start meeting at 7 p.m. beginning next week.

Winners were Mrs. Holly Toler and Mrs. L. W. Shivers, first; Gene Knabel and Dale Lain, second; and Mrs. Ray Sonnenburg and Mrs. Dale Lain, third.

The club meets every Tuesday at the Jaycee Community Building.

The Sixth Grade Sunday School Class of First Baptist Church elected the following officers Sunday: Jaye Wright, president; Diane Alexander, vice president; Tracy Offield, secretary; Darenda Wheat, treasurer and Julie Jeffrey, reporter.

Visiting recently with Mr. and Mrs. G. W. Kincaid were their daughter, Rochelle of Texas Tech University, and their son, Jim, who is doing graduate study at North Carolina State University at Raleigh, N. C. A major in recreation resources, Jim had attended the annual congress of the National Recreation and Parks Association in Houston. He was assigned as one of two student speakers and to assist in the development of a paper for the association.

Weldon Reynolds of Brewster, Wash., spent Saturday through Tuesday visiting here with friends and relatives.

Mr. and Mrs. Tony Gene Hamilton of Hawley are parents of a girl, Tonie Corene, 6 lbs. 14 1/2 oz., born Oct. 27 at 6:59 a.m.

Mr. and Mrs. Billy Joe Fudge are parents of a boy, James Earl, 7 lbs. 13 oz., born Oct. 28 at 8:50 p.m.

SHORT SNORTS

NEWS FROM . . .

Old Glory

By Bernice D. White

Hallowe'en spooks and goblins roamed the streets and alleys of O. G. one night early this year. The air was crisp and clear with just enough moon light to provide the right atmosphere Saturday night.

The Old Glory Variety Club met last Tuesday in the home of Mrs. E. H. Diers. The group enjoyed games and refreshments. They discussed their annual Thanksgiving party.

Mrs. Lynn Flowers will be the hostess for the next meeting Tuesday, Nov. 9.

Mr. and Mrs. Cecil Klump and Mrs. Ben Klump visited in Abilene last Sunday afternoon with Mrs. Cecil Klump's aunt, Mrs. Vent Powell.

Mr. and Mrs. Herman Dugan visited with relatives in Comanche recently.

Tigers Outscore Pipers Friday for District Win

Playing what was probably their best game of the year, Friday, the Pied Pipers lost a scoring duel with the Anson Tigers, 35-26. The Pipers failed to make one of their four two-point conversion plays which turned out to be the difference between winning and losing.

Piper freshman sensation Johnny Jones had one of his best nights of the season Friday as he played an outstanding defensive game and was the leading rusher for the night with 110 yards on 16 carries for a 6.9 average. This brought his season total for six games played to 467 yards in 68 carries for a season average of 6.9 yards per carry.

Relying mostly their aerial attack, the Tigers' leading ground gainer was Mack Rye with 39 yards in 10 carries.

For one of the few times this year the Pipers won the coin toss and received the opening kickoff with David Willis returning it back to the Hamlin 41. The Pipers drove the 59 yards to paydirt in 12 plays with Milton and Johnny Jones picking up most of the yards in the drive. Johnny scored from two yards out as he raced into the corner on a pitch out around his left end. Milton's try for the two point failed and the Pipers owned a six point lead with seven minutes left in the first period.

Anson had three passes go incomplete following the kickoff and punted to the Anson 41. This time it just took the Pipers two plays to score with Milton passing to Willis over the middle on second down for the score. Milton connected with Rick Rodgers for the two points.

Anson cranked up their passing attack following the

kickoff and moved the ball 70 yards in six plays with Ricky Watts passing to Jay Rowland for the final 10 yards. Watts passed to Joe Bell for the two points to cut the Piper lead to 14-8.

The Pipers failed to sustain a drive following the kickoff and punted from their 37 with Anson taking over on their 32. The Tigers drove down to the Hamlin 17 but were dropped back to the 32 from where they punted to the Hamlin seven.

The Pipers were two yards short of a first down and punted out to their 48 with Anson using 11 plays to cover the 48 yards for their second score. Watts carried in from the nine for the tally. Ernest Garcia put the Tigers out in front with his point after kick.

Neither team threatened to score for the balance of the second period and the teams went in half time with the Tigers ahead, 15-14.

The second half kickoff by the Pipers sailed over the head of the Tigers with Anson bringing it out to the 10. On second down the Tigers fumbled with the Pipers recovering on the Anson four-yard line. It took Barry McDonald just two tries into the line to put six more points on the board but his try for two points

failed and the Pipers were ahead 20-15.

Following the kickoff the Tigers moved 71 yards in the 12 plays to go back out in front. Warren Dozier crossed the goal line from six yards out for the score. The Anson kick was good and they lead 22-20.

After an exchange of punts the Pipers opened up another scoring drive from their 30 with Milton passing to Rodgers for 26 yards and Willis for 13 for a first down at the Tiger 35. Johnny carried for gains of one, 13 and five and Milton carried for eight yards and a first down at the eight. Johnny carried for gains of one and three yards, Milton picked up two more and then scored from the two. His pass for the two points was knocked down by a Tiger defender in the end zone. The Pipers were now ahead, 26-22.

The Tigers nearly broke loose on the kickoff with Johnny stopping Garcia at the Hamlin 48. Aided by a 15-yard penalty, it took the Tigers 11 plays to put six more points on the scoreboard with Dozier scoring again from the three. The kick after was good and the T's were back out in front, 29-26.

Taking over on the Hamlin 42 after the kickoff, Johnny gained six yards but Willis was dropped for a three-yard loss. On third down Milton's pass was just out of reach of Willis and gambling on the fourth down, his pass to Rodgers was just over his head.

Aided by another 15-yard penalty, the Tigers moved the 48 yards to score in nine plays with Garcia crossing the goal line with one second left on the clock. The point after try missed and the Tigers were the winners, 35-26.

Neinda Philosopher Finds New Hope For Old Domino Players In Their 40's

Editor's note: The Neinda Philosopher on his Johnson grass farm on Route One must have had a birthday, his letter this week sort of indicates.

Dear editor:

I got tired of international news the other day, tried to rest my mind on the editorials in The Reporter-News, that didn't help, so turned to the sports pages.

After reading that, I'm not sure a man has any place to turn.

For example, there was an article telling about the exploits of old men still playing professional football. Bobby Lilly of the Dallas Cowboys, it said, is still going strong even though he's 35 years old. Quarterback Johnny Unitas at 38 is still throwing the football. A lot of players for the Washington Redskins are well over 30. And so it went.

I'll tell you, when a man is past his prime at 30 and old at 35, the world is moving too fast for me and probably you.

But it's getting even worse. Another article in the same paper reported on a chess match between Bobby Fischer, of the U. S. and Tigran Petrosian of the Soviet Union. The Russian, former world champion, lost, and the article said: "It was a bitter defeat for the 42-year-old Petrosian. He made the bid despite his age, which is considered old for the exhausting demands of tournament play." And it added: "Fischer, 28, is at the peak of his powers, according to most chess experts."

You mean chess is even worse than football? You're at your peak at 28 and over the hill at 42? What's a man supposed to do when he's past 40? Retire and run for Congress? Edit a newspaper?

However, there's hope for all

such old people. I didn't know this until I saw it on television the other day, but a man has invented and is now selling ballbearing dominoes.

That's right. There's a tiny ballbearing on the face of each domino and you can shuffle with practically no exertion. The dominoes glide and spin with the slightest shove. Practically any old football or chess player can do it, and with a few corrective exercises to build up his hand muscles probably the chairman of a Congressional Committee could get the hang of it.

This should extend the playing days of domino experts almost indefinitely. Is somebody working on something like this for newspaper editors?

Yours faithfully,
J. A.

Tony Lewis Is Member of Baylor Golden Wave Band

WACO — Tony Lewis, son of Mr. and Mrs. Ed Lewis of 708 N. W. Avenue H, is a member of the 1971-72 Golden Wave Band at Baylor University.

A freshman music education major at Baylor, Lewis is one of 150 members composing the marching band.

The band, which lives up to its name by appearing in bright gold-colored uniforms, presents special half-time shows at all Baylor home football games and will present shows at several home basketball games this year.

In addition to performing at the home games, the band scheduled road trips for Baylor's football bouts with Texas A & M at College Station, Texas Tech at Lubbock, the University of Texas at Austin and Rice in Houston.

After the football season, the band will be divided into a symphonic wind ensemble composed of about 50 members and later into the Baylor Symphonic Band, which gives concerts throughout the year on campus.

A tour of the West Texas area is planned by the symphonic band next March.

Gene C. Smith, a native of Abilene and a Baylor graduate, is director of Baylor bands.

Area Conservation District To Sponsor Essay Contest

Birger Haterius of Avoca, chairman of the Board of Directors of the California Creek Soil and Water Conservation District announced this week the entry of the district in the 27th Annual Texas Conservation Awards Program, sponsored by the Fort Worth Chamber of Commerce.

Haterius said that the District Directors were urging the schools of the District to have the children write essays to be entered in the annual essay contest.

Local rules for the Essay Contest are:

Subject: CONSERVATION — THE KEY TO SURVIVAL

Length: Up to 300 words permitted

Preparation: a. Typed or written neatly in ink; b. Cover sheet with student's name, grade and school

Eligibility: Any boy or girl under 18 (does not jeopardize Texas Interscholastic eligibility)

Awards: First Place — \$25.00 Savings Certificate, Second Place — \$20.00 Savings Certificate, Third Place — \$15.00 Savings Certificate, Fourth Place — \$10.00 Savings Certificate, Fifth Place — \$5.00 Savings Certificate.

Entry Deadline: In the office of the California Creek Soil and

Water Conservation District, Box 751, Haskell, Texas 79521 by January 15, 1972.

The first place essay in the District will be submitted to the State and will be in competition for \$100 cash and trophy, and one of three trophies in the Region V. Susan Harris, formerly of Haskell, the granddaughter of the J. W. Robertsons of Haskell was the 1969 Region V. winner, according to J. C. Yeary, District Conservationist.

The Board of Directors hope to have entries for the outstanding Conservation Farmer or Rancher, the Comeback Farmer or Rancher, a Professional-Business man or woman who has rendered the most unselfish service to Conservation in the District, a Conservation Teacher, A Wildlife Conservationist, a Radio Station, and a Weekly Newspaper.

"We are hoping," Haterius said, "that the County Extension Agents of Haskell and Jones Counties will enter their outstanding Conservation Homemaker and 4-H Club Conservationist. Each Vocational Agricultural Instructor in the District is asked to submit their outstanding FFA Conservationists."

For detailed information concerning the 1972 Texas Conservation Awards Program, contact your local District Conservationist, J. C. Yeary in Haskell and J. P. Henson in Anson.
